CHAPTER I: Information for all Types of Permits

USES REQUIRING PERMITS

1. A **commercial permit** is required when anyone intends to make recreational use of the public lands and related waterways for business or financial gain.

- *When any person, group, or organization makes or attempts to make a profit, receive money, amortize equipment, or obtain goods or services, as compensation from participants in recreational activities occurring on public lands, the use is considered commercial.*
- *An activity, service, or use is commercial if anyone collects a fee or receives other compensation that is not strictly a sharing of, or is in excess of, actual expenses incurred for the purposes of the activity, service or use.*
- Commercial use may also be characterized by public advertising for participants or situations where a duty of care or expectation of safety is owed the participants by service providers as a result of compensation.
- Use by scientific, educational, and therapeutic institutions or non-profit organizations is considered commercial when the above criteria are met and subject to a permit when the above conditions exist. Non-profit status of any group or organizations does not, in itself, determine whether an event or activity arranged by such a group or organization is non — commercial. Profit making organizations are automatically classified as commercial, even if that part of their activity covered by the permit is not profit making.

2. A **competitive permit** means any organized, sanctioned, or structured use, event, or activity on public land in which two or more contestants compete and either of the following elements apply:

- Participants register, enter, or complete an application for the event; or
- A predetermined course or area is designated.
- It also means one or more individuals

contesting an established record such as speed or endurance.

3. **Vending** — vending permits are temporary, short-term, non-exclusive, revocable authorizations to sell goods or services on public lands in conjunction with a recreation activity.

4. **Special Area Use** — permits may be required for individual (private, non-commercial) recreation use in Special Areas. Special Areas are areas officially designated by statute or Secretarial order including: components of the National Trails System, the National Wild and Scenic Rivers System, the National Wilderness System, National Conservation Areas and Monuments or National Recreation Areas.

5. **Organized Group Activity and Event Use** — organized group/event permits are for group outdoor recreation activities or events which are neither commercial nor competitive. The authorized officer determines when a permit is required based on planning decisions, resource concerns, user conflicts, public health and safety, and/or the need for monitoring.

BLM'S SPECIAL RECREATION PERMIT POLICY

All commercial, competitive, special area use, and organized group activity and event use on Colorado's Public Lands meeting the above criteria must be authorized by Special Recreation Permit before it occurs. Special Recreation Permits are issued at the discretion of the Field Manager who may, at any time and without prior notice, choose not to issue permits for certain activities or use areas. Such decisions could be based on a variety of factors such as planning decisions, potential resource impacts, existing outfitters in the same area, overcrowding, past poor performance and others.

Some developed recreation facilities do require Recreation Use Permits for site use. Please check with the responsible Field Manager for possible new individual or group permit requirements before beginning your outing.

EXCEPTIONS

The Field Manager determines whether an event or activity falls under one of the following exceptions. Please check and ask for an exception in writing before you assume that your event is an exception.

1. When BLM sponsors, or co-sponsors uses, such as activities that take place as a result of cooperative or volunteer agreements, except for commercial use.
2. Where a use or event begins and ends on non-public lands or related waters, traverses less than 1 mile of public lands, or 1 shoreline mile, and poses no threat of significant damage to public land or water resources values.
3. Competitive events when they are not commercial, comply with land use plan decisions and designations, do not award cash prizes, are not publicly advertised, poses no risk for damage to public land or related water resource values, and require no monitoring.
4. An organized group activity or event is not commercial, is not publicly advertised, poses no appreciable risk for damage to public land or related water resource values, and requires no specific management or monitoring.
5. Non-recreation uses such as research projects requested by BLM, or administrative use by other Federal or state agencies, do not generally require an SRP. However, individual permits in special areas may still be required.

Changes 2006

- Proposed new SRP administrative fees

The proposed fees are:

\$100 for new Applications
\$50 for Renewals
\$100 for Transfers

See appendix K for details

LAND USE ETHICS

Please, treat your surroundings, and your fellow visitors, with respect.

We encourage all permittees to practice TREAD LIGHTLY AND LEAVE NO TRACE land ethics.

- **Tread Lightly! Pledge:**
 - Travel and recreate with minimum impact
 - Respect the environment and the rights of others
 - Educate yourself, plan and prepare before you go
 - Allow for future use of the outdoors, leave it better than you found it
 - Discover the rewards of responsible recreation
- **Principles of Leave No Trace!**
 - *Plan ahead and prepare*
 - Know the regulations & special concerns
 - Prepare for extreme weather, hazards, and emergencies.
 - Visit in small groups. Split larger parties into groups of 4-6.
 - Repackage food to minimize waste.
 - Use a map
 - *Travel and camp on durable surfaces*
 - Camp at least 200 feet from lakes and streams.
 - Concentrate use on existing trails & campsites.
 - Walk single file in the middle of the trail, even when wet or muddy.
 - Keep campsites small.
 - Disperse use to prevent the creation of campsites and trails.
 - Avoid places where impacts are just beginning.
 - *Dispose of waste properly*
 - Pack it in, pack it out.
 - Deposit solid human waste in catholes dug 6 to 8 inches deep at least 200 feet from water, camp and trails.
 - Pack out toilet paper & hygiene products.
 - Wash 200 feet away from stream or lakes.
 - *Leave what you find*
 - Preserve the past, examine, but do not touch, cultural or historic structures.
 - Leave rocks, plants & other natural objects as you find them.
 - Avoid introduction or transporting non-native species.
 - *Minimize campfire impacts*
 - Use lightweight stove for cooking.
 - Where fires are permitted, use established fire rings, fire pans or mound fires.
 - Keep fires small.
 - Put out campfires completely, then scatter cool ashes.
 - *Respect Wildlife*
 - Observe wildlife from a distance.
 - Never feed animals.
 - Store rations and trash securely.
 - Control pets at all times.
 - Avoid wild during sensitive times.
 - *Be considerate of other visitors*
 - Respect other visitors.
 - Be courteous.
 - Step to the downhill side of trail when encountering pack stock.
 - Camp away from trails & other visitors.
 - Avoid loud voices & noises.

ITEMS THAT GENERALLY ARE REQUIRED WITH YOUR APPLICATION
(Please check with local Field Office where your applying for specific requirements)

1. A completed and signed application.*
2. A current **operating plan**.**
3. A marked-up **map** showing all areas proposed for guiding and outfitting operations. Include base and spike camp locations, locations of locked gates, trails and roads used, and outline owned or leased private lands.**
4. A copy of all **outfitters licenses** and/or **registrations** required by the Colorado Division of Parks and Outdoor Recreation (State Parks Board) and/or the Office of Outfitter Registration (Department of Regulatory Agencies) and/or a Colorado State Child Care License if you work with minors.***
5. A valid **insurance policy** identifying the U.S. Government as additionally insured.
(See page 10 for minimum acceptable liability insurance coverage.)
6. Use Fee Payments calculated according to estimated use included in your application.
Commercial Use Fee Payments are calculated at 3% of total projected client charges or a \$90 annual minimum, whichever is greater.
Competitive Use Fee Payments are calculated at \$4.00 per user day or 3% of gross receipts, whichever is greater.
Individual or Group Fee Payments are calculated at \$4.00 per user day.
7. A copy of your current **brochure** and **price list**.***

** Multi-year permittee need only submit if the use areas or operation for the current year differ from the map or operating plan which you included with your original permit application.

*** Only required for commercial permittee.

At their discretion, Field Managers may also require that you submit additional information to supplement the above.

USE AUTHORIZATION GRANTED BY SPECIAL RECREATION PERMITS (SRPs)

These permits authorize commercial recreation use of specific public lands areas administered by BLM. They convey no use privileges on other lands (e.g., private, state, USDA Forest Service, etc.). Public roads and other public lands provide the only legal access to lands for which use is authorized by permit unless the permittee has obtained prior permission from other landowners.

CHAPTER II: Commercial Permits

PERMIT DURATION

Commercial outfitters may receive a 10 year term permit at the discretion of the BLM Field Manager after two acceptable seasons. Multi-year permits must be accompanied by an Annual Operating Authorization in order to be valid. Criteria used to determine appropriate permit length include management objectives, resource management planning time frames, environmental risks involved, public need for the intended use, and a permittee's past or current performance rating. BLM does not use or recognize the term "priority use" like the Forest Service.

FEES

The minimum annual fee is \$90 or 3% of the permittee's gross revenue (allowing certain deductions for lodging and transportation), whichever is greater. (See definition for commercial use on page 2). Gross receipts include total income which has been generated from the permitted activity before deducting costs such as insurance, prizes, other permit or license fees, etc. Gross receipts also include total supplemental money collected through sponsor contributions, other donations, the sale of clothing, insignia, specialized equipment, or food and beverage when sold incidental to the permitted activity.

Annual permit applicants are to make pre-season payments equal to their estimated total client charges for the amount of use proposed in their application, minus allowable proposed deductions, times 3%. First time applicants should make pre-season payments based on total estimated season use. If deductions are being proposed, applicants must submit a completed Optional User Fee Worksheet (see Appendix). Additional fees may be charged for grazing of saddle and pack stock. Multi-year permittee normally make pre-season use fee payments equal to their previous year's final total season payments.

At the Field Manager's discretion, applicants whose projected use fees exceed \$1,000 may make periodic advance payments instead of one lump sum pre-season payment. Contact the managing BLM Field Office for details.

COST RECOVERY

Cost recovery is a charge based upon the actual personnel, vehicle, travel and materials costs required to issue, administer and monitor the SRP.

BLM has been directed to recover costs of processing and administering SRPs. At the discretion of the issuing Field Office, additional charges may be levied to cover these costs. Of course, these costs may be expected to be greater for new permits and for substantial changes to existing permits. Because these charges are administrative, they will be in addition to any normal use fees incurred. Authorized officers will notify affected permit applicants or permit renewals of these charges in writing within 30 days of receiving applications or the intent to renew.

50-hour Threshold

While the above is discretionary, BLM policy makes cost recovery mandatory for all administrative work that involves 50 or more hours to complete, beginning with the first hour.

For commercial users, cost recovery charges are in addition to the fees (\$90 or 3%). For competitive or organized group permits which exceed the 50 hours, cost recovery will be charged in addition to the fee schedule unless anticipated fees exceed the cost recovery charge.

In that case, use fees will be charged rather than cost recovery. When cost recovery is necessary, the authorized officer shall notify the applicant of potential charges in writing within 30 days of receipt of the application.

Other Fees Associated with SRPs

1. Assigned site fees of \$180 are in addition to the recreation fee schedule, assigned sites for commercial use do not preclude public use.
2. Exclusive use fee The authorized officer may determine that to protect public health or safety or to eliminate user and resource conflicts, permittees may require exclusive recreation use of a site to conduct their activity. The exclusive use fee is established by the State Director.
3. Grazing fees may be charged for livestock grazing or trailing associated with a SRP and will be calculated based on the grazing fee formula in effect at the time the SRP is issued.

REPORTING

The Post Use Report is due within 30 days of the last day of permitted use or date established on permit. At the close of season, actual use fees will be determined from the Post Use Report. (However, to save time and money, you have the option of computing what you may owe and send it in with your post use report).

Permittees who have overpaid must request a refund or overpayment will be automatically credited to next year's fees. Permittees who have underpaid will be billed for the account balance. Final payments are due within 30 days of the date of BLM's final billing which cannot be issued until the Post Use Report is received.

Failure to meet these deadlines will result in remedial action against the permittee, (such as, late fees, probation, suspension, or revocation).

Deductions may be allowed and must be approved in advance. Certain transportation and lodging costs may be deductible. These must be incurred before arrival at the beginning of a trip and after departure at the end of a trip from permittee's headquarters or the local community. Costs incurred between the permittee's headquarters or local community and public lands and costs incurred during the permitted activity, whether on or off public lands, do not qualify.

Upland outfitters may qualify for additional discounts based on time spent off public lands during the permitted activity. An optional User Fee Worksheet is included in the Appendix, must be approved in advance and accompany your application if you have applicable deductions and discounts.

PAYMENT OF USE FEES

A payment reflecting estimated use is required prior to authorization for use. The fee will be adjusted based on use as documented in the Post Use Report.

INSURANCE REQUIREMENTS

An insurance policy must be submitted with the permit application and include a provision to notify the appropriate BLM Field Manager(s) before the policy is either modified or terminated. BLM's Field Managers may require greater coverage where a potential for higher claims exist. BLM minimum acceptable liability insurance coverage is:

\$300,000 damage per occurrence (persons, bodily injury or death);
\$600,000 annual aggregate; and
\$ 30,000 property damage for any one occurrence.

The policy must list the United States Government as additionally insured (not co-insured), state the limits of liability, and specify that the insurer will give the additionally insured as well as the certificate holder 30 days written notice before cancellation of the policy. The Forest Service needs to also be identified as additionally insured for joint permits.

Bonds

Bonds may be required for all permits. The requirement for a bond will be at the discretion of the permit administrator in each Field Office.

COOPERATIVE/JOINT PERMIT MANAGEMENT

A Memorandum of Understanding between the BLM and USDA Forest Service in Colorado provides for the cooperative issuance of a single permit simultaneously authorizing an outfitter's operation that spans a BLM-Forest Service agency boundary. Generally, the agency that issues these permits will be the one that administers lands where a) base camps are located or b) where the majority of use occurs. Outfitters will be charged the minimum \$90 fee for each agency. Therefore, the minimum fee for a joint permit is \$180. If 3% of gross revenue exceeds \$180, you will need to pay that additional amount.

On joint permits with the Forest Service, both BLM and the Forest Service CFR citations will be enforced. See standard stipulations IV. G. on page 17.

The Forest Service requires different insurance minimums than the BLM. Applicants should check with affected District Rangers and Field Managers to find out where to apply and the insurance minimums necessary. The higher of the insurance minimums for upland outfitting apply to all cooperative BLM-Forest Service permits:

Current Forest Service insurance minimums:
\$300,000 bodily injury for any one person;
\$300,000 for any one occurrence; and
\$ 50,000 property damage for any one occurrence.

Another cooperative agreement between the BLM and the Colorado Division of Wildlife (DOW) provides for cooperative compliance of upland permittee permit requirements. DOW law enforcement personnel may check for BLM permits on routine patrols, and BLM field personnel will alert DOW to potential violations of wildlife laws and regulations.

The Moab District Office of BLM in Utah is issuing and administering permits for river outfitters running Ruby Canyon as an integral part of trips through Westwater Canyon in Utah and for those running the Utah portion of the Dolores River below Gateway, Colorado. Operators should file applications with: Moab Field Office, Bureau of Land Management, 82 E. Dogwood, Moab, Utah 84532 Phone: (435) 259-2100.

Although BLM in Utah issues these permits, BLM Colorado stipulations still apply for all use occurring on public lands within the State of Colorado.

PERFORMANCE REVIEW STANDARDS FOR PERMITTEE EVALUATIONS

An annual performance evaluation is required of all commercial permittees at the end of the permit term. Its purpose is to evaluate permittee compliance with the operating plan including all applicable stipulations; determine if use complies with management plan objectives; evaluate whether to re-issue or extend the permit; receive permittee feedback on BLM management actions; and address special attention items specific to the affected use area. Performance review standards used are all applicable operating conditions.

Operating conditions that each permittee must abide by occur in four places: (1) The Operating Plan submitted with permit application, (2) conditions that are printed on the reverse side of the permit application (Form 8370-1), (3) Standard Stipulations attached to all permits and (4) Field Office Supplemental Stipulations, additional terms and conditions for specified public lands areas which may also be included with your permit at each BLM Field Manager's discretion. BLM reserves the right to revoke or alter the terms and conditions of these Special Recreation Permits at any time as necessary. **Failure to adhere to any of these operating conditions will result in remedial action(s) against the permittee.**

Three different performance levels are recognized:

Acceptable means that the permittee has generally operated in accordance with the terms and conditions established for the permit

Probationary means that the permittee has not operated in full accordance with the terms and conditions of the permit. Corrective action by the holder is mandatory and continued operation at this level of performance is unacceptable. Permittee will only qualify for a 1 year permit. If this performance level is received 2 years in a row, the authorized officer may suspend or terminate the permit and/or deny future permit applications.

Unacceptable means that the permittee has not operated in accordance with the terms and conditions of the permit and cannot be allowed to continue. This performance level will result in suspension, termination, or revocation of permit privileges as appropriate to the circumstances.

BLM reserves the right to revoke or alter the terms and conditions of Special Recreation Permits at any time as necessary.

STANDARD STIPULATION

Refer to pages 16 — 23 for Special Recreation Permit terms, conditions and stipulations for all permitted activities.

DEADLINES COMMERCIAL PERMITS

Permits generally take a minimum 180 days to process, check with your local field office for deadlines, schedules and permit availability.

NOTE: New applications are not being accepted until further notice for the following river segments:

- Eagle River from Edwards to Dotsero
- Upper Colorado from Kremmling to Dotsero
- Colorado River from Loma to Westwater
- Gunnison River Gorge from below Black Canyon of the Gunnison National Park to North Fork of the Gunnison
- Gunnison River from North Fork Confluence to Austin
- San Miguel River from Deep Creek to Pinon
- Dolores River from Bradfield Bridge to Bedrock

Competitive, Organized Groups and Events Use and Special Areas Use

Application must be submitted at least 180 days in advance of the first intended use date unless a shorter time is authorized by the Field Manager having jurisdiction over the public lands to be used. Contact local Field Offices for specific timelines.

Procedures for applying for a Special Recreation Permit within the Royal Gorge Field Office

- All applications are due by 12/01/06
- Contact the Royal Gorge Field Office to get specific SRP application requirements.

RIVER RELATED COMMERCIAL PERMITS

River-related permits authorize use of BLM-administered public lands adjacent to Colorado's rivers, not of the actual rivers themselves. This is in conformance with Colorado State Law (' 18-4-504.5, C.R.S. 1973) which provides no authority for adjoining landowners to prohibit or otherwise control river floating use. This is also consistent with the Colorado Attorney General's opinion of August 31, 1983, which stated, in part, ". . .one who floats upon the waters of a river or stream over or through private property, without touching the stream banks or beds, does not commit a criminal trespass. . ."

APPLICATION DEADLINES

Check with your local BLM field office for permit applications dates and availability for all rivers (except the Arkansas River. Commercial use permits for the Arkansas River are now being issued by the Colorado Division of Parks and Outdoor Recreation (DPOR). For deadlines and other information on Arkansas River permits, contact:

II. INDEMNIFICATION

- A. The permittee shall indemnify, defend, and hold harmless the United States and/or its agencies and representatives from any and all demands, claims, or liabilities of every nature whatsoever, including, but not limited to damages to property, injuries to or death of persons, arising directly or indirectly from, or in any way connected with the authorized use and occupancy of the lands authorized for use under this permit.
- B. Insurance: Coverage shall be obtained for the permitted operations in the minimum liability coverage amounts of:
 - (1) \$ 300,000 for persons, bodily injury or death for any one occurrence;
 - (2) \$ 600,000 annual aggregate and;
 - (3) \$ 30,000 property damage for any one occurrence.
- C. An insurance certificate shall be submitted, stating the limits of coverage, identifying the United States Government as additional insured, that includes the minimum shown above, expiration date, and that the insurer will give BLM thirty (30) days notice prior to cancellation, or modification of such insurance., and a list if then activities that are permitted and insured.

III. APPLICABLE LAWS AND REGULATIONS

- A. This Permit is subject to all applicable provisions of the regulations (43 CFR Group 2930 and 8300) which are made a part hereof.
- B. The permittee shall observe all applicable Federal, State, and local laws and regulations while performing any authorized activity, including but not limited to: (1) operation, use and registration of motor vehicles, OHVs, aircraft, and boats; (2) hunting and fishing; (3) use of firearms; (4) injury to persons or destruction of property; (5) noise, air and water pollution; (6) littering; (7) drinking water and sanitation; (8) food service; (9) use of fire; and (10) business practices.
- C. Permits involving the taking of game, including fish, shall be valid only when accompanied by a valid State Outfitters Registration. Permits involving river floating or guiding shall be valid only when accompanied by a valid State River Outfitters License.
- D. All hunters shall comply with the Colorado Division of Wildlife hunter safety requirements.
- E. Permittee shall comply with restrictions while operating in a Wilderness or Wilderness Study Area (WSA) as prescribed in 43 CFR 8500. Maps and information on the Wilderness or WSA boundaries and restrictions are available at the Field Office.
- F. Permittee shall comply with Off-Highway Vehicle (OHV) designations and restrictions in the area of operation as identified in the Resource Management Plan and prescribed in 43 CFR 8340.
- G. Permittee shall obtain a Colorado State Child Care License if working with minors.

IV. LIMITATIONS

- A. This permit authorizes only temporary use in connection with the operations, during the period(s) and in the area(s) identified in the permit and authorized by an Annual Operating Authorization.
- B. If an existing commercial permittee wishes to sell or otherwise terminate his or her business and desires that permit privileges be transferred to a new owner, the permittee must notify the authorized officer in advance, in writing, and receive advance written approval for the permit transfer from the authorized officer.
- C. Use of Non-Public lands: This permit does not authorize use of non-BLM land (i.e. private, city, county, state, or other federal land).
- D. The applicant shall provide upon request the name(s) and address(s) of private landowners whose property is used in connection with the permitted operations, and evidence of permission to use such land.
- E. Access to Public Lands: The BLM does not guarantee legal access to public lands unless legal access for the general public is available. Where legal public access is not available, the permittee is responsible for obtaining permission from the landowner(s) to travel through or use private lands.
- F. Multi-Year Permits: A multi-year permit is not valid unless accompanied by a current Annual Operating Authorization.

G. Joint Permit Requirement: This permit authorizes use of public lands in this Field Office; use of public lands in other Field Office or National Forest lands must be approved under a separate or joint permit. Code of Federal Regulation citations for both the BLM and Forest Service are valid and will be enforced for joint permits on associated public lands.

H. If a lion outfitter does not own their own dogs, they must furnish copies of all lease or rental arrangements for the dogs that they plan on using.

V. ASSIGNMENT AND SUBLETTING OF PERMIT PRIVILEGES

A. The permittee may not assign permit privileges to a third party. For purposes of this permit, an assignment of permit privileges is indicated if one or more of the following occur:

1. A third party advertisement used to book a trip does not clearly indicate that the trip will be operated by the company holding the permit;
2. A third party provides both passenger transportation to the trip departure point and equipment used on the trip;
3. More than two (2) representatives or employees of the third party act as guides/crew on the trip. Representatives' employees must constitute less than 50 percent of the guides/crew on trip;
4. A trip is represented to the participants as being conducted by other than the permittee.
5. Equipment or guide clothing carries a name, markings or logo of the third party involved with the trip (this does not apply to booking agents who are permitted outfitters in the permit area). See B. below for the use of equipment not marked with the permittee name or approved abbreviation;
6. The passengers or guides/crew are not covered by the insurance carried by the permittee.

B. Guides and employees must fall under federal and state employment regulations and be listed in the operating plan prior to each operating season. (ie. IRS Form-1099, independent contractor form).

C. If you are proposing to employ guides or employees who are licensed and/or permitted outfitters elsewhere, that must be disclosed at the time you submit their name and information. (*New for 05)

D. Written notice must be given to the BLM to use equipment with outfitter markings (company names, logos, etc.) other than those of the permit holder prior to the time of use (hunt, launch, tour, etc.). If the markings are those of an outfitter not permitted to operate in that area, the markings of equipment used must not be visible while on the BLM-administered lands and waters.

VI. NON-EXCLUSIVE USE

A. The permittee, employees and clients shall not interfere with other valid uses of public land, including but not limited to grazing, mining, and other recreational uses by the general public or other permitted commercial operations.

B. Roads, trails and trailheads, or campsites commonly in public use shall not be blocked or enclosed by the permittee.

C. This SRP does not guarantee the permittee's sole use of public land areas, nor does it grant the exclusive use of any area.

- D. Public lands will generally remain available on a first-come, first served basis to other commercial and private recreational users. Nothing herein implies that the first permittee in any area has been granted exclusive use, or priority use.

VII. CONDUCT AND MANNERS

- A. The permittee is at all times responsible for the actions of himself, his employees, clients and guests in connection with the authorized operations, and shall not cause a public disturbance or engage in activities which create a hazard or nuisance.
- B. The permittee should practice the TREAD LIGHTLY and LEAVE NO TRACE land ethics and inform their clients about these practices and ensure that they follow them.

VIII. MODIFICATION OR AMENDMENT

- A. The BLM reserves the right to alter the terms, conditions, and stipulations of this permit at any time upon notice for reasons such as changes in law, policy or administrative procedure, to prevent use conflicts, to protect public safety, or to prevent resource damage.
- B. The permittee shall request amendment or modification of the permit to provide for changes prior to issuance of annual operating authorization in: use areas or sites, season of use, services provided, fee structure, or any other changes in operations.
- C. The BLM may restrict use or close sites or areas on public land, or require relocation of use sites or areas to prevent use conflicts, protect public safety, or prevent resource damage.

IX. PAYMENTS

- A. Use Fee Payments: Permit fees are due and payable in advance based on estimated use gross receipts. Payments shall be sent to the Field Office by check, money order or cashier's check, made payable to the "Bureau of Land Management".
- B. Basis for Fee: The annual permit fee shall be three percent (3 %) of total client charges or \$90.00 annual minimum for commercial permits, or \$4.00 per person per day for events whichever is greater. Gross receipts shall be the sum of all payments made by clients for services rendered in connection with the permitted operations, before disbursement to private landowner for use of private land, payment to employees, and any other disbursement.
- C. Periodic Payments: At the Field Manager's discretion, when the estimated use fee is greater than one thousand dollars (\$1,000), a schedule for periodic payments may be arranged.
- D. End of Season Payment: The actual use fee shall be determined from the use reports. Payment should accompany the post-use reports and trip logs due 30 days after the last day of use or as specified on SRP.
- E. Refunds:
1. No refunds of less than ten dollars (\$10.00) will be made.
 2. Unless requested in writing all overpayments will be credited for use for the following operating season.
- F. Late Payments
- Late payment of fees may result in additional fee penalties, permit probation, suspension, and/or revocation, and interest and administrative handling charges.

G. Deductions

Allowable deductions in permit fees shall be agreed upon in advance, and may include costs related to the permitted operations incurred by the permittee for long distance off-site transportation, and off-site lodging, per Handbook H-2930-1.

H. Discounts for Non-Public Lands use (For Upland Use Only) must be requested and approved prior to use. No discounts are allowed for river related permits

X. USE REPORTS

A. Trip Logs

Trip Logs shall be submitted within 30 days of the authorized use season or as specified on the permit, on a form provided by the BLM, or an approved equivalent. Trip logs shall indicate accurately the dates of use, location, type of use, number of clients, number of staff, vehicles and livestock used, total receipts, and any deductions claimed. Penalty fees may be charged for late reports.

B. Post Use Report

A Post Use Report shall be submitted as specified or within 30 days of the last day of use authorized or as specified on permit, on a form provided by the BLM, or an approved equivalent. The post use report shall indicate accurately the total number of clients served during the term of the permit, total staff and total use, total receipts and total deductions claimed, discounts for time off public lands, and describe any accidents or injuries occurred, and management problems or concerns. Penalty fees will be charged for late reports.

C. Late Use Reports

Late submission of use reports may be cause for action against the permittee, including probation, suspension, and/or revocation, and criminal penalties.

D. Non-Use

Zero use must be requested in writing prior to the issuance of Annual Operating Authorization. Minimum payments still apply. The authorized officer may cancel a permit after two consecutive seasons of unapproved non-use. In certain areas covered by Special Recreation Management Plans, travel management plans, or other site-specific plans, special provisions regarding non-use of permits may apply.

XI. INSPECTION OF RECORDS AND PREMISES

A. The BLM, or duly authorized representative, may examine upon request any of the records, including but not limited to bookings, client registers, financial records, leases or contractual agreements, licenses, or other documents related to the permitted operations, as outlined in 43 CFR 2932.55.

B. The BLM and its cooperators, including the Colorado Division of Wildlife, USDA Forest Service, and the Colorado Division of Parks and Outdoor Recreation, shall at all times have the right to enter the premises located on public land on official business. The permittee shall allow reasonable access to private lands owned or utilized in the permitted operation for purposes related to administration of the permit.

C. The permittee and all employees shall post a copy of the Permit, Annual Operating Authorization in plain view at the base of operations and camps, where clients, BLM and Division of Wildlife officers have the opportunity to read it. All guides and employees must carry a copy of the Permit and Annual Operating Authorization while conducting operations on public lands, and they must be familiar with the Permit terms, conditions and stipulations that pertain to this permit.

XII. SIGNING AND ADVERTISING

A. Signs or advertising devices on public land require advance approval on the location, design, size, shape or color, and message.

B. All advertising shall be accurate and not misrepresent in any way the services or accommodations provided, or the area authorized for use. Brochures and other advertising materials shall include the following disclosure: All or part of this operation is conducted on Public Lands under special permit from the U.S. Bureau of Land Management.

XIII. CAMPSITES

A. Camps may be set up for no longer than necessary, and no earlier than 5 days prior to the first day of use authorized and must be removed within five days after the authorized use period. No year-round, permanent camps may be established on BLM lands; only temporary facilities are permitted.

B. Camps shall be located to avoid conflict with public road and trail traffic, and stream or lake access, and to the extent possible shall be located out of sight of major trails.

C. All campsites and temporary improvements shall be as described in the approved operating plan.

D. All campsite facilities including but not limited to tents, latrines, livestock control facilities, shall be located at least 200 feet from the nearest spring, stream, lake, pond or reservoir unless specifically authorized otherwise.

E. All campsites must be approved prior to use. Clearances may be required, such as inventories for cultural resources and/or for threatened or endangered species.

XIV. CAMPFIRES

A. Unless permanent fire rings are designated, open campfires shall be built only in areas free of hazardous fuels. Fire rings or pits shall be set on bare mineral soil. After use, fire rings or pits shall be obliterated and the site rehabilitated. Open fires may be prohibited during periods of extremely high fire hazard by order of the BLM, the applicable county or the State of Colorado.

B. Campfires shall be completely extinguished when left unattended. The permittee is responsible for all fires started by him/her self, employees, or clients, and may be held responsible for fire suppression costs resulting from wildfire caused by his/her operations.

C. An axe, shovel, water bucket or extinguisher for fire control shall be available at each campfire.

D. Wildfire caused by the permitted operation shall be reported immediately to the nearest BLM office. The permittee is responsible for informing employees, clients, and participants of the current fire danger and required restrictions or precautions that may be in effect.

XV. LIVESTOCK USE

- A. Authorized pasture use of livestock is temporary and limited to transportation purposes, and will not establish a priority for future use of the range. Rangeland grazing may be restricted and feed may be required to be packed, all feed supplied as part of permitted operations must be **certified weed free**. The permittee shall prevent localized over grazing and damage to vegetation by permitted livestock.
- B. Construction of permanent fences or corrals is not permitted. Temporary livestock control structures may be erected with advanced approval, including corrals and hitching racks, provided they are dismantled after the use season.
- C. The permittee may be required to pay additional fees for forage consumed by livestock during the permitted operations. This fee will be at the current rate for grazing use.
- D. Livestock shall not be tied to trees for other than short term, temporary stops. Hobbles, pickets, high lines or corrals shall be used to control livestock.
- E. Livestock control structures (corrals, hitching racks, pickets, high lines) must be at least 200 feet from springs, streams, lakes, reservoirs or other water sources. Whatever method of livestock control is used, it will not result in removal or death of the under story vegetation.
- F. Pack stock may be grazed if permitted by the SRP. If electric fences are used, they will be moved every 3 days to a new areas. If picket ropes are used, they will be moved every other day to a new area. If high lines are used, their location must be approved in advance.

XVI. EQUIPMENT CACHES

Food and/or equipment caches require advance authorization. When authorized, caches shall be neatly stored out of sight of roads and trails. Food caches must be “wildlife proof”

XVII. RESOURCE PROTECTION

- A. Aesthetics: Permittee shall protect the scenic and aesthetic values of the public lands used in the operations, and maintain premises on permitted areas to acceptable standards of repair, orderliness, and cleanliness.
- B. Rehabilitation: After camps and other temporary facilities are dismantled, insofar as practical, the area shall be left in a natural state. Reseeding with BLM approved seed mix may be required of any areas disturbed by campsites.
- C. Sanitation: Self contained or pit type toilets/privies, with or without tent coverings, shall be used at all campsites on public land. The permittee will be responsible for establishing a latrine for all permitted camps and for final rehab when the camp is removed. Waste from self contained toilets must be disposed of at a State approved sewage disposal facility. When abandoned, toilet pits shall be covered with a minimum of 12 inches of topsoil and back filled to pre-existing grade. While in use, human waste in pits shall be covered with a layer of topsoil or lime after each individual use.
- D. Trash Disposal: Camps and other permitted areas shall be regularly cleaned and no trash or litter shall be allowed to accumulate. Combustible trash may be burned when campfires are authorized. All non-combustible trash, including but not limited to tin cans, spent brass, glass bottles, foil, and wire shall be packed out. Trash shall not be buried on public land.

E. Dead animals and their remains shall be disposed of at least 200 feet away from springs, streams, lakes, ponds, campsites, roads/trails.

F. Waste or by-products of any kind shall not be discharged into any stream, reservoir, lake or pond.

G. Soils: Permittee shall conduct the permitted operations in a manner which prevents rutting, or soil erosion.

H. Vegetation Damage/Removal: All operations shall be conducted in a manner which prevents damage to or loss of vegetation cover. Poles may be cut for temporary facilities if these are authorized by permit on public land. Cutting, clearing or defacing of standing trees, alive or dead, or clearing and cutting of shrub/groundcover for any other reason shall require specific advance authorization. When tree cutting is authorized, stumps shall be left no higher than 6 inches above ground level and slash shall be lopped and scattered. A separate permit is required for removal and transportation of woodland/tree products from public land.

I. Firewood Cutting: Firewood may be cut on public land only for campsite use while on public land, and may not be transported off the public lands without a separate firewood cutting permit. Only dead and down trees shall be cut for firewood, with stumps left no higher than 6 inches above ground level, and the slash shall be lopped and scattered.

J. Protection of Public Property: Signs, equipment, markers, fences, livestock watering facilities or any other property found on public land shall not be damaged, destroyed, defaced, removed, or disturbed.

K. Cultural Resources: All persons associated with operations under this permit must be informed that any objects or sites of cultural, paleontological, and scientific interest, such as historic or prehistoric resources, graves or grave markers, human remains, ruins, cabins, rock art, fossils, or artifacts shall not be damaged, destroyed, removed or disturbed. If in connection with operations under this permit any of the above resources are discovered, the permittee shall immediately stop operations in the immediate area of the discovery, protect such resources, and notify the BLM authorized officer of the discovery. The immediate area of the discovery must be protected until the operator is notified in writing to proceed by the authorized officer.

L. Wilderness and Wilderness Study Areas (WSA): Use of electric generators, all motorized and mechanized equipment including chainsaws and vehicles is prohibited within a Wilderness or WSA. If supplemental livestock feed is used, cubed, pelletized, or processed feed or **certified weed free hay** shall be used.

M. Permittee is responsible for knowing where Public Land, Wilderness, and WSA boundaries are and the restrictions that may apply to an area of operation within these boundaries. Maps and information concerning restrictions are available at the local Field Office.

N. Facility Construction: Construction of permanent facilities or improvements of any kind, including but not limited to roads, trails or structures, is not approved by this permit and shall require separate written authorization.

XVIII. PERFORMANCE EVALUATION

A. The BLM shall conduct periodic inspections and performance evaluations of the permittee's operations and compliance with the terms, conditions and stipulations of the Permit.

- B. **Violations and Penalties:** Any violation of the permit terms, conditions and stipulations may be subject to penalties prescribed in 43 CFR 2932.40, which may include fines up to \$1,000 and/or imprisonment up to 12 months. Additionally, any such violation may result in permit termination, suspension, or probation. Violations may also be cause for the BLM to deny approval of a Special Recreation Permit or Operating Authorization for subsequent years. If a permit is terminated, permit applications will not be approved for any person connected to or affiliated with the operation under a terminated or suspended permit.

Acceptable means that the permittee has generally operated in accordance with the terms and conditions established for the permit

Probationary means that the permittee has not operated in full accordance with the terms and conditions of the permit. Corrective action by the holder is mandatory and continued operation at this level of performance is unacceptable. Permittee will only qualify for a 1 year permit. If this performance level is received 2 years in a row, the authorized officer may suspend or terminate the permit and/or deny future permit applications.

Unacceptable means that the permittee has not operated in accordance with the terms and conditions of the permit and cannot be allowed to continue. This performance level will result in suspension or termination of permit privileges as appropriate to the circumstances.

- C. Permit holders will be notified with a certified letter of any deficiencies in pre-season, permitted activities, or post-use requirements. If the requirement is not met within 15 days after receipt of certified letter, a penalty of \$100 will be assessed. After 30 days of the receipt of the letter, the penalty is \$200. If at the end of the 30 day period after receipt of certified letter, the deficiency is still not corrected and penalty fee not paid, the permit will be temporarily suspended, in whole or in part without compensation, for any failure to comply with the terms, conditions and stipulations. Operations on public land shall cease immediately upon suspension. After a permit is suspended, any commercial use of public lands shall be in violation of federal regulations. The BLM may reinstate the permit for use, after corrective action is taken by the permittee and the operation is in compliance with the terms, conditions and stipulations. Probationary status will follow for one year after the deficiency is corrected. Repeated permit violations may also result in suspension and/or termination.

XVIII. CERTIFICATION

I have read these terms, conditions and stipulations and understand that I must abide by them while performing activities in connection with the permitted operations.

Competitive, Off-Highway Vehicles, Organized Group Activities and Event Use

CHAPTER III: Competitive, Off-Highway Vehicles, Organized Group Activities and Event Use

APPLICATION DEADLINES

Applications are due at **least 180 days in advance of the first intended use date** unless a shorter time is authorized by the Field Manager having jurisdiction over the public lands to be used.

FEES

COMPETITIVE USE: \$4.00 per user day or 3% of gross receipts, whichever is greater. (See definition for competitive use on page 2.)

OFF-HIGHWAY VEHICLE EVENTS, ORGANIZED GROUP ACTIVITIES AND EVENT USE PERMITS: \$4.00 per user day. (See definition of an event on page 2.) *When the event is both commercial and competitive, the competitive fee schedule will be used.*

PAYMENT OF USE FEES

A payment reflecting estimated use is required with your application. The fee will be adjusted, based on actual use, after use is made.

INSURANCE REQUIREMENTS

An insurance policy must be submitted with the permit application and include a provision to notify the appropriate BLM Field Manager(s) before the policy is either modified or terminated. BLM's Field Managers may require greater coverage where a potential for higher claims exist. Minimum acceptable liability insurance coverage is:

\$300,000 for persons, bodily injury or death for any one occurrence;
\$600,000 annual aggregate; and
\$ 30,000 property damage for any one occurrence.

The certificate must list the United States Government as additional insured, state the limits of liability, and specify that the insurer will give the additional insured as well as the certificate holder 30 days written notice before cancellation of the policy.

The Forest Service, USDA requires higher insurance minimums. The higher insurance minimum applies for all joint permits (see these higher limits on page 10).

ADDITIONAL STANDARD STIPULATIONS FOR COMPETITIVE AND OFF-HIGHWAY VEHICLE EVENTS

FOR ALL PERMITS

1. Permittee is responsible for ensuring that participants do not drive off designated use areas and/or course routes; participant and spectator use will be restricted from sensitive areas.
2. Permittee is responsible for crowd control, ensuring that the event is orderly, does not endanger bystanders or participants, and is conducted in a peaceable manner to enhance recreation satisfaction and promote the public well being.
3. Permittee agrees to reroute and/or relocate use areas to avoid sensitive areas identified by BLM before or during the event.
4. All range fence gates opened for the race will be monitored during the race to prevent passage by livestock and closed immediately at the end of the race.
5. Permittee will take all reasonable measures to ensure that entrants, spectators and casual users attracted by the event will not harass wildlife or livestock in the vicinity, including publication of notices discouraging such use in the local news media.
6. Permittee will take all reasonable measures to inform other recreationists in the area of the event and associated temporary road restrictions, including publication of notices to this effect in the local news media.
7. Permittee will mark sensitive areas identified by BLM, routes, staging areas, parking, and pit areas with non-defacing markers and appropriate signs and will ensure that all such materials are immediately removed upon completion of the event.
8. During the event, permittee will provide on-the-ground staff monitoring to ensure that use occurring is confined to areas actually authorized by permit.
9. Permittee is responsible for ensuring that all authorized motorized use conforms to the Conditions of Use set forth in 43 CFR Subpart 8341.1, regulations governing use.
10. Nothing in this permit will be construed as a license for the permittee, employees, or clients to use areas of the public lands which are otherwise restricted or closed (e.g., restricted or closed off-highway vehicle designation areas).
11. Permittee is responsible for ensuring the safety of all spectator, entrant, concessionaire, and/or support personnel, ensuring that all permit actions are in conformance with local, state, and federal health and safety standards.
12. Permittee is responsible for furnishing self-contained chemical sanitation facilities and trash receptacles at locations as necessary, to keep these serviced neat and clean during the event, and to provide for off-site disposal of all refuse and human waste generated from the event, in accordance with all applicable local, state, and federal ordinances, laws, and regulations.
13. State and local laws and ordinances apply to all BLM-administered public land. This includes, but is not limited to, laws and ordinances governing (a) operation and use of motor vehicles, aircraft, and boats; (b) hunting and fishing; (c) use of firearms; (d) injury to persons or destruction of property; (e) air and water pollution; (f) littering; (g) sanitation; and (h) use of fire.
14. Operation and maintenance of all sanitation, food service, and water supplies, systems, and facilities by the permittee or his/her concessionaires shall comply with the standards of the local department of health and the United States Public Health Service.
15. Permittee will provide first-aid/EMT services adequate to meet emergency needs arising from the event, including CPR and medivac transportation for hospital care.

16. The Field Manager reserves the right to postpone or cancel the event if environmental conditions develop in which the event would subject the land to substantial resource damage or the public to unacceptable risk—factors such as heavy rains, flooding, early thawing, etc.

17. Permittee shall protect the scenic aesthetic values of the area under permit and the adjacent lands, insofar as practical, while exercising privileges granted during setup, operation, and maintenance of the permitted operation. When facilities for the event are dismantled, the area should be left in a natural state.

18. At the conclusion of the event, the area will be inspected and all trash or debris resulting from the event will be removed by the permittee.

19. Permittee will restore any resource damage from the event as specified by the Field Manager.

20. Permittee assumes responsibility for coordinating the event with all adjacent landowners and securing access needed across privately owned lands, ensuring that trespass does not occur.

21. Proof of insurance shall be provided at least one week prior to the event. Insurance shall be consistent with requirements stated in the Colorado BLM Special Recreation Permit information booklet or as amended by the Field Manager.

22. All officials will receive a copy of applicable stipulations prior to competitive event(s).

23. Permittee, entrants, and/or spectators will not interfere with other valid uses occurring on the public land such as grazing, mining, and other recreational uses.

24. BLM reserves the right to revoke a permit for reasons such as, but not limited to, noncompliance with stipulations (before and/or during the event), failure to provide services specified in the operating plan, or untimely permit reporting.

25. Permittee agrees to make all relevant books, documents, papers, and records of his/her operation available to BLM upon request (as outlined in 43 CFR Subpart 2932.55) for analysis by qualified representatives of BLM and other Federal agencies authorized to review BLM's permitting activities.

26. Permittee shall post a copy of the authorizing permit in plain view where all clients and BLM, DPOR, and DOW employees have the opportunity to read it.

27. Permittee will notify BLM of any accidents occurring on the public lands which result in loss of life immediately, Accidents that result in loss of consciousness, disabling individuals in excess of 24 hours, requiring medical treatment, or property damage in excess of \$100, and will submit a detailed written report to BLM within 10 days from the date of the accident.

Certification: I have read these terms, conditions and stipulations and understand that I must abide by them while performing activities in connection with the permitted operations.
